II. **Need, Rationale, Benefits of the Scheme and Salient Features of the Scheme:**

a. The objects/ rationale of the proposed Scheme is as under:

i. Through the merger of MMMPL, MSPL and MIPL with MSFL, the Scheme aims at streamlining shareholding by eliminating intermediary, cross holding management and control structure, reducing multiplicity of compliance and operational costs, simplifying and rationalising the group structure and enhancing governance oversight and management and board focus, while simultaneously consolidating assets and liabilities of other businesses for stronger financial positioning of the Transferee Company.

ii. MSFL holds a Stock Broking License with SEBI and undertakes stock-broking services and client and proprietary trading activities. As on the date of approval of the Scheme by the Boards of Directors of the respective companies, MSFL also holds 49.47% equity interest in MCIBPL, a joint venture with the Chandarana Family formed to undertake stock broking and related activities, i.e. similar to the business carried on by the Demerged Undertaking. MSFL continues to exercise equal control in MCIBPL along with the Chandarana Family Members.

iii. The Securities Trading and Intermediation Business has significant potential for growth. Growth and expansion of this business would require differentiated strategy aligned to its industry specific risks, market dynamics and growth trajectory. The Scheme will allow the existence of an independent company consolidating the operations of the Securities Trading and Intermediation Business of both the Demerged Company and the Resulting Company, which can attract different sets of investors, strategic partners, lenders and other stakeholders having a specific interest in this business vertical.

iv. Reorganisation and segregation of the Securities Trading and Intermediation Business into a clean corporate structure will ensure transparency, accountability and the highest standards of corporate governance and compliance, and enhance operational flexibility and quick response to competitive and environmental challenges.

v. Strategic focus and a unified execution platform under a single legal entity, and enhanced regulatory alignment with SEBI requirements by ring-fencing stock broking and other related operations.

vi. Unlocking of value and creation of enhanced value for shareholders and a focused strategy in operations, which would be in the best interest of all the stakeholders; the demerger will enable the future business activities to be carried on more conveniently and advantageously with enhanced flexibility in funding of expansion plans, improving profitability and a stronger balance sheet of the Resulting Company.

vii. Sharper operational synergies within the financial services domain, with better integration of functions such as client onboarding, risk assessment, regulatory compliance and technological platforms, and consolidation of the client base engaged in the Intermediation Business under a unified structure, allowing customised solutions, more efficient cross-selling and enhanced customer satisfaction and retention.

viii. Focused allocation of capital, human talent and infrastructure in the Stock Broking and Incidental Activities operations to optimise resources, support scalability, improve return on investment and foster innovation, together with reduced administrative burden through elimination of duplicative functions and reporting lines, and greater agility and responsiveness to market dynamics and regulatory developments.

III. RATIONALE OF THE SCHEME

- This Scheme has been proposed with a view to inter alia achieve organizational consolidation, operational focus, and commercial alignment in relation to the businesses carried on by the entities involved. More specifically, through merger of MMMPL, MSPL, MIPL with MSFL, the Scheme aims at streamlining shareholding by eliminating intermediary, cross holding management and control structure, reducing multiplicity of compliance and operational costs, simplifying and rationalising the group structure and enhancing governance oversight and management and board focus, while simultaneously consolidating assets and liabilities of other businesses for stronger financial positioning of the Transferee Company.

- Further, MSFL holds a Stock Broking License with SEBI and pursuant thereto, undertaking stock-broking services and client and proprietary trading activities. As on the date of approval by the Board of Directors of the respective companies, MSFL also holds 49.47% Equity Interest in MCIBPL, a Joint Venture with the Chandarana Family, formed to undertake Stock Broking and related activities, i.e. similar to the business carried on by the Demerged Undertaking. MSFL continues to exercise equal control in MCIBPL along-with the Chandarana Family Members. The Securities Trading and Intermediation Business (as defined below) has significant potential for growth. Growth and expansion of the Securities Trading and Intermediation Business would require differentiated strategy aligned to its industry specific risks, market dynamics and growth trajectory. This Scheme will allow the existence of an independent company consolidating the operations of Securities Trading and Intermediation Business of both, the Demerged Company and the Resulting Company. This can attract different sets of investors, strategic partners, lenders and other stakeholders having a specific interest in this business vertical.

- Accordingly, it is proposed that the Transferee Company / Demerged Company reorganizes and segregates its Securities Trading and Intermediation Business. A clean corporate structure will ensure transparency, accountability and highest standards of corporate governance and compliance. It also enhances operational flexibility and helps quick response to competitive and environmental challenges.

- The proposed reorganization pursuant to this Scheme is expected, inter alia, to result in the following benefits:

    - Strategic focus and a unified execution platform under a single legal entity;
    - Enhanced regulatory alignment with SEBI requirements by ring-fencing stock broking and other related operations;
    - Unlocking of value and create enhanced value for shareholders and allow a focused strategy in operations, which would be in the best interest of all the stakeholders;

- The demerger will enable the future business activities to be carried on more conveniently and advantageously with enhanced flexibility in funding of expansion plans, improving profitability and stronger balance sheet of the Resulting Company;
- As a result of the demerger, the Securities Trading and Intermediation Business is expected to benefit from sharper operational synergies within the financial services domain. This structural realignment will allow for better integration of functions such as client onboarding, risk assessment, regulatory compliance, and technological platforms specific to financial services.
- The demerger will enable consolidation of the client base engaged in the Intermediation Business under a unified structure. This will allow the entity to better understand client needs, provide customised solutions, and leverage cross-selling opportunities more efficiently, resulting in enhanced customer satisfaction and retention.
- Post-demerger, the focused allocation of capital, human talent, and infrastructure in the Stock Broking and Incidental Activities operations will enable optimisation of resources. This will support scalability, improve return on investment, and foster innovation in a capital-intensive and compliance-driven business environment.
- The reorganisation will result in reduced administrative burden through the elimination of duplicative functions and reporting lines. A dedicated legal and corporate structure will streamline operations and compliance, thereby enhancing agility and responsiveness to market dynamics and regulatory developments.

REPORT OF THE BOARD OF DIRECTORS OF MARWADI SHARES AND FINANCE LIMITED RECOMMENDING THE DRAFT COMPOSITE SCHEME OF ARRANGEMENT BETWEEN MARWADI METALS AND MINERALS PRIVATE LIMITED ("TRANSFEROR COMPANY 1"), MARWADI SERVICES PRIVATE LIMITED ("TRANSFEROR COMPANY 2"), MARWADI INVESTMENT PRIVATE LIMITED ("TRANSFEROR COMPANY 3") WITH MARWADI SHARES AND FINANCE LIMITED ("TRANSFEREE COMPANY" OR "DEMERGED COMPANY") AND DEMERGER OF SECURITIES TRADING AND INTERMEDIATION BUSINESS IN MARWADI CHANDARANA INTERMEDIARIES BROKERS PRIVATE LIMITED ("RESULTING COMPANY") AND THEIR RESPECTIVE SHAREHOLDERS

1. The Board of Directors ("Board") of Marwadi Shares and Finance Limited ("Company" or "Transferee Company" or "Demerged Company") at its meeting held on February 10, 2026 considered and approved the Composite Scheme of Arrangement between Marwadi Metals and Minerals Private Limited ("Transferor Company 1"), Marwadi Services Private Limited ("Transferor Company 2") and Marwadi Investment Private Limited ("Transferor Company 3") with Marwadi Shares and Finance Limited and Demerger of Securities Trading and Intermediation business of Marwadi Shares and Finance Limited in Marwadi Chandarana Intermediaries Brokers Private Limited ("Resulting Company") and their respective shareholders under Sections 230 to 232 read with other applicable provisions of the Companies Act, 2013, and the Rules made thereunder (hereinafter referred to as "Scheme").

2. The Scheme is subject to consent/ approval of shareholders, creditors and debenture holders of the Companies involved and regulatory authorities i.e. BSE Limited, Securities and Exchange Board of India, National Company Law Tribunal and any other regulatory authorities as may be required.

3. Subject to the Scheme being approved and becoming effective, the existing Non-Convertible Debentures ("NCDs") of the Company shall stand vested in the Resulting Company. The NCD holders of the Demerged Company shall be issued NCDs of the Resulting Company on the same terms and conditions, and shall continue to be listed NCDs on the debt segment of BSE Limited.

   Further, pursuant to the requirements of Para A(2)(d) of Part I of Annex XII-A of the Securities and Exchange Board of India's Master Circular: SEBI/HO/DDHS/DDHS-PoD-1/P/CIR/2025/0000000103 dated 11th July 2025 ("SEBI Circular"), the Board is required to recommend the draft Scheme, taking into consideration, inter-alia, the valuation report and ensuring that the Scheme is not detrimental to the holders of the NCDs, and also comment on impact of the Scheme on the holders of NCDs, safeguards for the protection of the holders of NCDs and exit offer to the dissenting holders of NCDs, if any.

4. Accordingly, Board of Directors of the Company have considered following documents for preparing this report:
   a. Draft Scheme;
   b. The Valuation cum Share Entitlement Ratio Report for Equity Shareholders dated 9th February 2026 from Mr. Sagar Shah, an Independent Registered Valuer (IBBI Registration Number: IBBI/RV/06/2020/13744), recommending the fair security exchange ratio;
   c. The Fair Ratio of Entitlement for NCD Holders dated 9th February 2026 from Mr. Sagar Shah, an Independent Registered Valuer (IBBI Registration Number: IBBI/RV/06/2020/13744), recommending the fair security exchange ratio;

d. The Fairness Opinions dated 10th February 2026 ("Fairness Opinions") issued by M/s Galacito Corporate Services Limited, a SEBI-registered Category I Merchant Banker (SEBI Registration Number: INM000012519) on the Valuation Reports.

5. Impact of Scheme on the holders of NCDs

There would be no impact of the Scheme on the holders of NCDs of the Company due to the following reasons:

- None of the existing terms and conditions associated with the NCDs are being proposed to be altered under the Scheme and the Resulting Company shall issue the NCDs on the same terms as the current terms of the NCDs.
- Considering the financial position and net worth of the Resulting Company post implementation of the Scheme, as assessed by the Board based on available financial information, there would be no impact on the ability of the Resulting Company to pay interest and repay the principal amount represented by NCDs issued by the Resulting Company; and
- The Resulting Company is going to continue to remain an active company after the implementation of the present Scheme wherein the value of Securities Trading and Intermediation Business shall also stand vested into the Resulting Company.
- The credit rating assigned to the existing NCDs of the Company is expected to remain identical or near-identical post implementation of the Scheme, and no adverse rating action is envisaged solely on account of the Scheme.
- Notwithstanding the one-notch difference in the existing long-term credit ratings of the Company (CRISIL A+) and the Resulting Company (CRISIL A), such difference has not resulted in any differential pricing of NCDs, as evidenced by the recent issuance of NCDs by both entities on identical commercial terms, yield, and maturity (the Company issued NCDs aggregating to Rs. 300 crore on 6 February 2026, and the Resulting Company issued NCDs aggregating to Rs. 150 crore on 31 December 2025). Accordingly, the one-notch rating differential does not translate into any change in market pricing or economic interest of the NCD holders pursuant to the Scheme.

In view of the foregoing, the economic interest of the NCD holders of the Company shall remain unchanged pursuant to the implementation of the Scheme.

6. Safeguards for the protection of the NCD holders and exit offer to the dissenting NCD holders, if any

As stated above, the Scheme does not in any manner affect the rights, obligations, or economic interest of the NCD holders, nor does it adversely impact the ability of the Resulting Company to discharge its obligations towards the NCD holders. Accordingly, the Board is of the view that no additional safeguards are required and that no exit offer is warranted for dissenting NCD holders under the Scheme.

7. Recommendation of Board of Directors

Board of Directors considered all terms of the draft Scheme and on finding that the said Scheme is not detrimental to the NCD holders, the Board of Directors have recommended draft Scheme

Subject to the Scheme being approved and becoming effective, the existing Non-Convertible Debentures ("NCDs") as issued by Marwadi Shares and Finance Limited shall stand vested in Resulting Company. The NCD holders of the Demerged Company shall be issued NCDs of the Resulting Company on the same terms and conditions and shall continue to be listed NCDs on the debt segment of BSE Limited.

   Further, pursuant to the requirements of Para A(2)(d) of Part I of Annex XII-A of the Securities and Exchange Board of India's Master Circular: SEBI/HO/DDHS/DDHS-PoD-1/P/CIR/2025/0000000103 dated 11th July 2025 ("SEBI Circular"), the Board is required to recommend the draft Scheme, taking into consideration, inter-alia, the valuation report and ensuring that the Scheme is not detrimental to the interests of the NCD holders, and also comment on impact of the Scheme on the NCD Holders, safeguards for the protection of the NCD holders and exit offer to the dissenting NCD holders, if any.

MARWADI CHANDARANA GROUP

4. Accordingly, Board of Directors of the Company have considered following documents for preparing this report:
   a. Draft Scheme;
   b. The Valuation cum Share Entitlement Ratio Report for Equity Shareholders dated 9th February 2026 from Mr. Sagar Shah, an Independent Registered Valuer (IBBI Registration Number: IBBI/RV/06/2020/13744), recommending the fair security exchange ratio;
   c. The Fair Ratio of Entitlement for NCD Holders dated 9th February 2026 from Mr. Sagar Shah, an Independent Registered Valuer (IBBI Registration Number: IBBI/RV/06/2020/13744), recommending the fair security exchange ratio;
   d. The Fairness Opinions dated 10th February 2026 ("Fairness Opinions") issued by M/s Indcap Advisors Private Limited, a SEBI-registered Category I Merchant Banker (INM000013031) on the Valuation Reports.

5. Impact of Scheme on the holders of NCDs

There would be no impact of the Scheme on the NCD holders of the Company due to the following reasons:

- None of the existing terms and conditions associated with the NCDs of the Demerged Company are being proposed to be altered under the Scheme and the Company shall issue the NCDs on the same terms as the current terms of the NCDs of the Demerged Company.
- Considering the financial position and net worth of the Company post implementation of the Scheme, as assessed by the Board based on available financial information, there would be no impact on the ability of the Company to pay interest and repay the principal amount represented by NCDs issued by the Company; and
- The Company is going to continue to remain an active company after the implementation of the present Scheme wherein the value of Securities Trading and Intermediation Business of the Demerged Company shall also stand vested into the Company.
- The credit rating assigned to the existing NCDs of the Demerged Company is expected to remain identical or near-identical post implementation of the Scheme, and no adverse rating action is envisaged solely on account of the Scheme.
- Notwithstanding the one-notch difference in the existing long-term credit ratings of the Demerged Company (CRISIL A+) and the Company (CRISIL A), such difference has not resulted in any differential pricing of NCDs, as evidenced by the recent issuance of NCDs by both entities on identical commercial terms, yield, and maturity (the Demerged Company issued NCDs aggregating to ₹300 crore on 6 February 2026, and the Company issued NCDs aggregating to ₹150 crore on 31 December 2025). Accordingly, the one-notch rating differential does not translate into any change in market pricing or economic interest of the NCD holders pursuant to the Scheme.

In view of the foregoing, the economic interest of the NCD holders of the Demerged Company; as well as the current NCD holders of the Company shall remain unchanged pursuant to the implementation of the Scheme.

MARWADI CHANDARANA GROUP

6. Safeguards for the protection of the NCD holders and exit offer to the dissenting NCD holders, if any

As stated above, the Scheme does not in any manner affect the rights, obligations, or economic interest of the NCD holders, nor does it adversely impact the ability of the Company to discharge its obligations towards the NCD holders. Accordingly, the Board is of the view that no additional safeguards are required and that no exit offer is warranted for dissenting NCD holders under the Scheme.

7. Recommendation of Board of Directors

Board of Directors considered all terms of the draft Scheme and on finding that the said Scheme is not detrimental to all NCD holders, the Board of Directors have recommended draft Scheme for favourable consideration by Stock Exchange, Securities Exchange Board of India and other Appropriate Authorities.

Independent Auditor's Report on the Standalone Financial Statements

To,
the Members of
Marwadi Metals and Minerals Private Limited
Rajkot.

Report on the Audit of the Standalone Financial Statements

Opinion:

1. We have audited the accompanying standalone financial statements of **Marwadi Metals and Minerals Private Limited, Rajkot (CIN: U67200GJ2002PTC041675)** (hereinafter referred to as the "**Company**"), which comprise the balance sheet as at 31 March 2026, and the statement of Profit and Loss and cash flows statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2026, and its loss, and its cash flows for the year ended on that date.

Basis for Opinion:

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (hereinafter referred to as the "Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters:

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Revenue recognition from trading in shares and derivatives transactions The Company has recognized the income from trading in shares & derivatives by netting off the favorable (profit) and unfavorable (loss) difference in the contracts as reduced by the transaction expense such as brokerage, STT, taxes, stamp duty etc. and other outgoings under contractual obligations.	Due to high-frequency trading in various segments of capital market on daily basis, it is practically not possible to verify each and every contract notes and bills issued by the Stock Exchange for the transactions undertaken by the company. Therefore, in order to verify the net income recognized by the Company in the books of account, we have taken assistance of computerized annual profit & loss statement of realized and unrealized gain / loss issued by the stockbroker in respect of all the transactions, contracts, positions undertaken by the Company in reporting period. We have also on test-check basis verified sample of transactions of each week, contracts, positions having gain / loss with supporting contract notes and bills issued by the stock exchange.

Information other than the financial statements and auditors' report thereon:

6. The Company's board of directors is responsible for the preparation of the other information. The other information comprises in the Board's Report including Annexure to Board's Report but does not include the financial statements and our auditor's report thereon.

7. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

8. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with Governance for the Standalone Financial Statements:

9. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of

appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

10. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

11. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements:

12. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

13. As a part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are

inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with the relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Meaning of Internal Financial Controls Over Financial Reporting:

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting:

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2026 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of **Marwadi Services Private Limited** ('the Company'), which comprise the Balance Sheet as at **31st March 2026**, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, on that date and a summary of material accounting policies and other explanatory information **(hereinafter referred to as "the standalone financial statements").**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by The Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of The Company as at **31st March 2026**, the profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of The Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of The Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of The Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. This report does not include a statement on the matters specified in the paragraph 3 and 4 of the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, since in my opinion and according to the information and explanations given to me, the said order is not applicable to the company.

2. As required by Section 143 (3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Opinion:

1. We have audited the accompanying financial statements of Marwadi Investment Private Limited, Rajkot [CIN: U67120GJ2000PTC037428], (the "**Company**") which comprise the Balance Sheet as at 31 March 2026, and the Statement of Profit and Loss and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2026, and its Profits and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the "**Act**"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of Management for Financial Statements

4. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

RANPURA DESAI & CO. Chartered Accountants

5. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

6. The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

8. As a part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

   - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

   - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

   - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

   - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

   - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

9. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and

2. Significant Accounting Policies:

(1) Basis of Preparation of Financial Statements:

(a) These financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provisions of the Companies Act, 2013.

(b) The financial statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian rupees rounded off to the nearest lakhs.

(2) Use of Estimates:

(a) The preparation of financial statements in conformity with Indian GAAP requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period.

(b) The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to the accounting estimates is recognized in the period in which is revised and future periods affected.

(3) Property, plant and Equipment:

(a) Property, Plant & Equipment are stated at cost net of recoverable taxes, trade discounts and rebates and include amounts added on revaluation, less accumulated depreciation and impairment loss, if any. The cost of Property, Plant & Equipments comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

(b) Subsequent expenditures related to an item of Property, Plant & Equipments are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

(c) Projects under which assets are not ready for their intended use are disclosed under Capital Work-in-Progress.

(4) Intangible assets:

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization/depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

(5) Depreciation, Amortization and Depletion:

(b) In respect of additions or extensions forming an integral part of existing assets and insurance spares, including incremental cost arising on account of translation of foreign currency liabilities for acquisition of Fixed Assets, depreciation is provided as aforesaid over the residual life of the respective assets.

(c) The useful life of the property, plant, and equipment is mentioned hereunder.

Sr. No.	Description	Useful Life (in years)

(7) Foreign Currency Transactions:

(a) Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

(b) Monetary items denominated in foreign currencies at the year-end are restated at year end rates. In case of items which are covered by forward exchange contracts, the difference between the year-end rate and rate on the date of the contract is recognized as exchange difference and the premium paid on forward contracts is recognized over the life of the contract.

(c) Non-monetary foreign currency items are carried at cost.

(d) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Profit and Loss Statement, except in case of long-term liabilities, where they relate to acquisition of Fixed Assets, in which case they are adjusted to the carrying cost of such assets.

(8) Investments:

(a) Current investments are carried at lower of cost and quoted/fair value, computed category-wise. Non-Current investments are stated at cost. Provision for diminution in the value of non-current investments is made only if such a decline is other than temporary.

(9) Inventories:

(b) Inventories are mainly of securities. As the end of the financial year 2025-26, there are no inventories.

(10) Revenue Recognition:

(11) Borrowing Costs:

(a) Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognized if there is virtual certainty that sufficient future taxable income will be available to realize the same.

(c) Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

(13) Provisions, Contingent Liabilities and Contingent Assets:

(a) Provision is recognized in the accounts when there is a present obligation as a result of past event(s), and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. Notes forming part of the Financial Statements

Reasons for Variances

a) The decrease in the current ratio is primarily due to the conversion of the bank balance from a debit balance to a credit (overdraft). This change resulted in an increase in current liabilities and a simultaneous decrease in current assets , thereby decreasing the current ratio.

b)The Company has not availed any borrowings (long-term or short-term) from banks, financial institutions, or any other parties during the reporting period. Consequently, as there are no outstanding debts as on the reporting date, the computation of the Debt-Equity Ratio is not applicable.

c)The Company has no outstanding borrowings as at the reporting date. Accordingly, the Debt Service Coverage Ratio (DSCR) is not applicable/appears as nil.

d) The Return on Equity Ratio has decreased during the current year as compared to the previous year due to decrease in current year profit as compared to the previous year and increase in average shareholders' equity during the year, mainly due to retained earnings

e) The Company does not hold any inventories as at the reporting date, nor has it carried out any inventory-related transactions during the year. Accordingly, the Inventory Turnover Ratio is not applicable.

f) The Trade Receivables Turnover Ratio has decreased during the current year as compared to the previous year, as turnover has increased and comparatively there is huge increase in trade receivables also.

g) Tade Payable Turnover ratio has been reported in current year only.

h) Net Capital Turnover Ratio has decreased during the current year due to decrease in closing Working Capital.

i) The Net Profit Ratio has decreased during the current year as compared to the previous year. This decline is primarily due to a reduction in net profit for the year.

j) The Return on Capital Employed (ROCE) Ratio has decreased during the current year as compared to the previous year due to reduction in Earnings Before Interest and Tax (EBIT) and increase in Capital Employed during the year.

k) The Company has not earned any return/income on its investments during the current year. Accordingly, the Return on Investment (ROI) Ratio is not applicable.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "**Act**") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at **31st March 2026**, and the profit and total comprehensive income, Changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules there under and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

J.C. RANPURA & CO. Chartered Accountants RAJKOT

5. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

A) Completeness Of Revenue:

The Company's revenue primarily comprises income from (i) brokerage earned on client transactions (ii) net gains / losses from proprietary trading activities, including in segments such as SLBM, futures and options, delivery-based transactions, and other capital market instruments executed through algorithmic trading strategies. The Company records the net results of these proprietary transactions under "Capital Market Operations".

Revenue recognition in respect of both streams involves high volume of transactions, reliance on automated systems, fair valuation of open positions at period-end under Ind AS 109, and application of complex algorithmic strategies.

Given the significance of revenue to the financial statements, volume and complexity of transactions, and judgement involved in fair valuation and netting logic, revenue recognition has been considered a key audit matter.

How our audit addressed the key audit matter:

a) For Brokerage Income:

- Obtained an understanding of the revenue recognition process and tested internal controls related to brokerage billing.
- Performed analytical procedures on brokerage rates and volumes.
- Verified revenue cut-off procedures to ensure transactions near year-end were recorded in the correct period.
- Reconciled income recorded in the books with reports from the back-office systems.

b) For Capital market Operations

- Obtained and reviewed daily trade summaries and open position reports.
- Reviewed the methodology and logic applied in netting gains and losses across various capital market segments.
- Assessed the fair valuation of open positions in derivatives, SLBM, and other instruments as at the year-end, in accordance with Ind AS 109.
- Understood the algorithmic trading strategy and controls implemented around its execution.

J.C. RANPURA & CO. Chartered Accountants RAJKOT

B) Existence, Measurement and Disclosure of Cash and Cash Equivalents and Bank Deposits

Cash and cash equivalents and bank deposits represent a significant portion of the Company's total assets. These balances mainly comprise fixed deposits, balances maintained in current accounts and cash on hand.

Considering the nature of the Company's business activities, the Company maintains bank deposits for various business requirements, including providing security deposits to stock exchanges and maintaining margin requirements and bank guarantees. Certain bank deposits are subject to restrictions/lien in accordance with the requirements of stock exchanges and banking arrangements. Further, interest income earned on fixed deposits represents a significant component of the Company's revenue from operations.

Due to the significance of these balances and the audit effort involved in verifying their existence, accuracy, ownership, restrictions and related interest income, this matter was considered to be one of the matters of most significance in our audit and accordingly determined to be a Key Audit Matter.

How our audit addressed the key audit matter:

- We obtained an understanding of the processes and controls relating to cash and bank balances and bank deposits.
- We verified balances of bank current accounts with underlying bank statements and reconciliations.
- We verified fixed deposits on a sample basis with fixed deposit receipts and bank statements and assessed the existence and ownership of such deposits.
- We examined the details of lien/restrictions marked on bank deposits and evaluated compliance with applicable requirements.
- We verified the calculation of interest accrued on fixed deposits and tested the interest income recognised during the year with reference to relevant terms of deposits.
- We assessed the adequacy of disclosures relating to cash and cash equivalents and other bank balances in the financial statements.

Based on the audit procedures performed, we concluded that the balances of cash and cash equivalents and bank deposits, including related interest income, have been appropriately recorded and disclosed in the financial statements.

C) Compliance with Terms and Utilisation of Funds Raised through Debt Securities and Borrowings

The Company has raised funds through issuance of unsecured Non-Convertible Debentures on private placement basis and secured banking facilities, including working capital overdraft facilities.

J. C. RANPURA & CO. Chartered Accountants RAJKOT

The funds raised are utilised towards the working capital requirements of the Company's business operations, including proprietary trading activities in various capital market instruments and algorithmic trading strategies.

The Company is required to comply with certain obligations relating to utilisation of debenture proceeds, submission of utilisation certificates to debenture trustees and maintenance of statutory reserves as prescribed under the Companies Act, 2013.

Considering the significance of these borrowings and the audit procedures involved in verifying utilisation of funds and compliance with applicable requirements, this matter was considered to be one of the matters of most significance in our audit and accordingly determined to be a Key Audit Matter.

How our audit addressed the key audit matter:

- We obtained an understanding of the processes and controls relating to cash and bank balances and bank deposits.
- We verified balances of bank current accounts with underlying bank statements and reconciliations.
- We verified fixed deposits on a sample basis with fixed deposit receipts and bank statements and assessed the existence and ownership of such deposits.
- We examined the details of lien/restrictions marked on bank deposits and evaluated compliance with applicable requirements.
- We verified the calculation of interest accrued on fixed deposits and tested the interest income recognised during the year with reference to relevant terms of deposits.
- We assessed the adequacy of disclosures relating to cash and cash equivalents and other bank balances in the financial statements.

Based on the audit procedures performed, we concluded that the balances of cash and cash equivalents and bank deposits, including related interest income, have been appropriately recorded and disclosed in the financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

6. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

7. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

8. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

9. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

10. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standard (Ind AS) specified under Section 133 of the act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

11. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

12. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

13. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

14. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

J. C. RANPURA & CO. Chartered Accountants RAJKOT

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

15. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

16. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

17. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

1. We have audited the internal financial controls over financial reporting of **Marwadi Shares and Finance Limited** (hereinafter referred to as the "**Company**") as of 31 March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

1. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility:

1. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

2. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

3. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

J. C. RANPURA & CO. Chartered Accountants RAJKOT

Meaning of Internal Financial Controls Over Financial Reporting:

1. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting:

1. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

1. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2026 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

This income is accounted for on a trade date basis and disclosed under revenue from operations in the financial statements.

2.4 PROPERTY, PLANT AND EQUIPMENT

(a) The cost of property, plant and equipment comprises its purchase price, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning, net of any trade discounts and rebates. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of profit and loss in the period in which the costs are incurred unless such expenditure results in a significant increase in the future benefits of the concerned asset.

(b) An item of property, plant and equipment is derecognized upon disposal or on retirement, when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the net sale proceeds and the carrying amount of the asset and is recognized in statement of profit and loss.

(c) Property, plant and equipment are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any

(d) The company has elected to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS i.e. 1 April-2016, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

In respect of additions to property, plant and equipment, depreciation has been charged on pro rata basis.

Class of Assets	Useful Life Estimated by Management
Buildings	60

Vehicles	10
Furniture and fixtures	10
Computers	3
Office Equipment	5
Electrical Fitting	10
VSAT/Servers	6
Intangible Assets	10

(f) The company reviews the residual value, useful lives and depreciation method annually and, if current estimates differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

J.C. RANPURA & CO. Chartered Accountants RAJKOT

MARWADI SHARES & FINANCE LTD. RAJKOT

2.6 INTANGIBLE ASSETS

(a) Intangible assets are stated at cost less provisions for amortisation and impairments. Software licenses fees are charged to statement of profit and loss when incurred.

(b) Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between disposal proceeds and carrying amount of the asset and are recognised as income or expenses in the statement of Profit and Loss.

2.7 IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT AND INTANGIBLE ASSETS

(a) At the end of each reporting period, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of individual assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

(b) Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

(c) Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

(d) If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

(e) Any reversal of the previously recognized impairment loss is limited to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

2.8 INVENTORIES

(a) Inventories are stated at lower of cost and net realizable value. Cost comprises of purchase price, applicable taxes, less rebates, discounts and conversion costs and other costs incurred in bringing the inventories in to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(b) Inventories are valued at First in first out (FIFO) basis.

2.9 EMPLOYEE BENEFITS

(a) In respect of defined contribution plan the company makes the stipulated contributions to provident fund and pension fund, in respect of employees to the respective authorities under which the liability of the company is limited to the extent of the contribution.

(b) Contribution to Life Insurance Corporation of India towards Gratuity is made on the basis of Actuarial Valuation carried out by the corporation on the basis of the information provided by the Company.

2.10 TAXATION

(a) Income tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax

(b) Current Tax is the amount of tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the India Income Tax Act, 1961.

Deferred Tax

(c) Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

(d) The carrying amount of deferred tax assets is reviewed at the end of each annual reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

J. C. RANPURA & CO. Chartered Accountants RAJKOT

MAHAVIR SHARES & FINANCE LTD. RAJKOT

(e) Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

(f) Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(g) Current and deferred tax are recognized in the statement of profit and loss, except when they are related to item that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.11 TRADE RECEIVABLES

Trade receivables are carried at gross invoice amount less any provisions for doubtful debts. Provisions are made where there is evidence of a risk of non-payment, taking into account ageing, previous experience and general economic conditions. When a trade receivable is determined to be uncollectable it is written off, firstly against any provision available and then to the Statement of Profit and Loss.

2.12 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

(a) Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Statement of P&L net of reimbursement.

(b) Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by the future events not wholly within the control of the company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. So far company is not making any provision for contingent liabilities. All contingent liabilities have been disclosed at their estimated value in notes to the financial statements.

(c) Contingent Assets are not recognised in the financial statements. Contingent Assets if any, are disclosed in the notes to the financial statements.

2.13 EARNING PER SHARE

(a) Basic earnings per share is computed by dividing the profit / (loss) after tax attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for bonus issue, bonus element in a rights issue to existing

shareholders, share split and reverse share split (consolidation of shares).

(b) Diluted earnings per share is computed by dividing the profit / (loss) after tax attributable to equity shareholders as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for driving basis earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.14 BORROWING COSTS

(a) Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets is substantially ready for their intended use. All other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

2.15 FAIR VALUE MEASUREMENT:

(a) The company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability.

(b) The principal or the most advantageous market must be accessible by the company.

(c) The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

(d) A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

(e) The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

(f) All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value

J. C. RANPURA & CO. Chartered Accountants RAJKOT

MAHAVIR SHARES & FINANCE LTD. RAJKOT

hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(g) For assets and liabilities that are recognized in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.16 CASH & CASH EQUIVALENTS

(a) Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balance (with an original maturity of twelve months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.17 KEY SOURCES OF ESTIMATION UNCERTAINTY AND CRITICAL ACCOUNTING JUDGMENTS

(a) In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

(b) Estimates are often based on complex judgments and assumptions that management believes to be reasonable, but estimates and underlying assumptions are reviewed on an ongoing basis. Any change in these estimates and assumptions will generally be reflected in the financial statements in current period or prospectively, unless they are required to be treated retrospectively under relevant accounting standards.

Useful lives of property, plant, and equipment

(c) Management reviews the useful lives of property, plant, and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly depreciable lives are reviewed annually using the best information available to the Management.

J. C. RANPURA & CO. Chartered Accountants RAJKOT

HARIWADI SHARES & FINANCE LTD. RAJKOT

Provisions and liabilities

(d) Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgment to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingencies

(e) In the normal course of business, contingent liabilities may arise from litigation and other claims against the company. Potential liabilities that are possible but not probable of crystallizing or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized.

Fair value measurements

(f) When the fair values of financial assets or financial liabilities recorded or disclosed in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include consideration of inputs such as liquidity risk, credit risk and volatility".

Taxes

(g) Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Note 39: Financial Risk Management

The company's main operations are stock broking and proprietary trading in derivatives and securities. The business is subject to a number of financial hazards. These risks fall under three categories: credit risk, liquidity risk, and market risk. In order to secure both short-term and long-term cash flows, the Board of Directors coordinates the company's risk management. A financial risk management framework has been designed to identify, measure, monitor, and mitigate a variety of financial risks.

A. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk Comprises following types of risk: Equity price risk, Interest rate risk and foreign currency risk.

- **Equity Price Risk**: Equity price risk is the risk of volatility in the value of financial instruments due to changes in market prices of equity securities, whether those changes are caused by factors specific to the individual investment or factors affecting all instruments traded in the market.

  One of the main divisions of a company is proprietary trading in equity shares, derivatives (futures and options), and other marketable securities, and is therefore significantly exposed to equity price risk. The exposure to equity price risk arises from positions held in equity shares and index/stock derivatives, both long and short.

  The Company monitors equity risk on a daily basis using internal risk limits based on notional exposure, portfolio Value-at-Risk (VaR), and stress-testing scenarios. Positions are monitored through real-time systems and are marked-to-market daily. The Company uses stop-loss mechanisms and hedging strategies to manage and limit equity risk exposure. In the case of derivatives, margin requirements and position limits as per the stock exchanges and internal policies are strictly adhered to.

- **Interest Rate Risk**: Interest rate risk refers to the potential for changes in the fair value or future cash flows of financial instruments due to fluctuations in market interest rates. The Company faces interest rate risk primarily from its borrowings that carry variable interest rates. Since these borrowings are linked to market rates, any movement in interest rates directly impacts the Company's financing costs. To mitigate this risk, the Company manages its debt profile by maintaining a balanced mix of fixed-rate and floating-rate borrowings.

  At the reporting date, the borrowings of the Company are as follows:

Particulars	As at 31 March 2026		As at 31 March 2025	
	Rs. In Lakhs	% of total borrowings	Rs. In Lakhs	% of total borrowings
Fixed Rate Borrowings	85,500.00	49%	49,800.00	35%
Variable Rate Borrowings	89,863.73	51%	90,842.45	65%
Total Borrowings	**1,75,363.73**	**100%**	**1,40,642.45**	**100%**

J.C. RANPURA & CO. Chartered Accountants RAJKOT

MAHAVIR SHARES & FINANCE LTD. RAJKOT

The following table shows the sensitivity of possible change in interest rates on above borrowings. Keeping all other variables unchanged, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Rs. In Lakhs

Particulars	Profit before tax	
	As at 31 March 2026	As at 31 March 2025
Increase by 50 basis points	76,268.57	52,427.94
Decrease by 50 basis points	78,077.01	53,742.92

- **Foreign Currency Risk**: Foreign currency risk refers to the possibility that the fair value or future cash flows of a financial instrument may vary due to fluctuations in exchange rates. As of each reporting date, the Company has no significant exposure to foreign currencies and is therefore not significantly affected by currency risk.

B. Credit Risk

Credit risk represents the potential financial loss to the Company if a customer or counterparty fails to meet their contractual obligations. The Company actively manages and mitigates this risk by establishing exposure limits for individual counterparties and continuously monitoring these exposures against the set limits. The Company's exposure to credit risk for each category of financial asset is limited to the carrying amount reported in the financial statements. The primary financial assets subject to credit risk include cash and cash equivalents, loans, investments, term deposits, trade receivables, and security deposits. Cash and term deposits are held with well-rated banks and financial institutions, approved by the Board of Directors, and are therefore considered to carry minimal or negligible credit risk.

C. Liquidity Risk:

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

Level 1:

The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.

Level 2:

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3:

Inputs for the assets or liabilities that are not based on observable market data are included in level 3.

Independent auditor's limited review report on the quarterly unaudited IND AS financial results of the company pursuant to the regulation 52 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

Limited Review Report

To,
The Board of Directors,
Marwadi Shares and Finance Limited,
Corporate Office: Marwadi Financial Plaza,
Nana Mava Main Road, Off: 150 Feet Ring Road,
Rajkot – 360001.

1. We have reviewed the accompanying statement of unaudited financial results of **Marwadi Shares and Finance Limited, Rajkot** (the **"Company"**) for the period ended on **September 30, 2026** (the **"Statement"**) attached herewith, being submitted by the company pursuant to the requirements of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

2. The Company's management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 52 of the Listing Regulations. The Statement has been approved by the Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statements is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express as audit opinion.

J. C. RANPURA & CO. Chartered Accountants RAJKOT

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable Indian accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

COMPLETENESS OF REVENUE	
Key audit matters	**How our audit addressed the key audit matter**
The revenue of the Company comprises of multiple income generating operations, majority of which have their origin from trading activities comprising equities, derivatives and commodities trading at multiple Stock Exchanges. The Company also earns Fees (Merchant Banking etc) and Commission income from broking and related activities from the customers using the Company's platform. Considering the high volume of transactions and materiality of amounts involved, we have determined revenue recognition as a key audit matter. Given the significance of revenue to the financial statements, volume and complexity of transactions, and judgement involved in fair valuation and netting logic, revenue recognition has been considered a key audit matter.	Our key audit procedures around revenue recognition includes but not limited to, the following: 1. Evaluated the appropriateness of Company's accounting policy for revenue recognition. 2. Evaluated the design, implementation and tested the operating effectiveness of key controls over the revenue recognition process. 3. For income from Fees and commission from broking and related services, we have obtained and inspected, on a test check basis, the contract notes, trade data and other supporting evidence. 4. Performed cut-off testing for samples of revenue transactions recorded near year end by comparing with relevant underlying documents to assess whether the revenue was recognized in the correct period. 5. Assessed the adequacy and appropriateness of the disclosures made in these standalone financial Statements in compliance with the requirement of Ind AS 115 and Ind AS 109. 6. Performed management enquiries and obtained necessary representations from the management.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position and financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards (Ind AS) specified under section 133 of the Act read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at **31st March 2026**, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

i. In the principal market for the asset or liability, or
ii. In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

Fair value measurements are categorized as under Level 1, Level 2 and Level 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entity.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

INDEPENDENT AUDITOR'S LIMITED REVIEW REPORT ON THE QUARTERLY UNAUDITED STANDALONE IND AS FINANCIAL RESULTS OF THE COMPANY PURSUANT TO THE REGULATION 52 OF SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015, AS AMENDED

To the Board of Directors of

Marwadi Chandarana Intermediaries Brokers Private Limited

Corporate Office:

Chandarana House,

Near Kathiyawad Gymkhana,

Dr. Radhakrishnan Road,

Rajkot – 360001

1. We have reviewed the accompanying statement of unaudited financial results of **Marwadi Chandarana Intermediaries Brokers Private Limited** (the "**Company**") for the period ended **September 30, 2026** (the "**Statement**") attached herewith, being submitted by the company pursuant to the requirements of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

2. The Company's management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 52 of the Listing Regulations. The Statement has been approved by the Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statements is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express as audit opinion.

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable Indian accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.
